

## LCAP Parent Engagement Survey 2017

### LCAP Parent Engagement Survey 2017

**This survey is voluntary. You may fill out more than one if you have more than one child and/or you would like to provide input for more than one site. The information gathered in this survey will be important as part of the planning cycle for our Local Control Accountability Plan and will be reported back to the community in the annual update. That update is part of the final plan that will go to the school board for approval in June. Thank you for your assistance. One fun fact--Did you know that MHUSD has registered 1544 parent volunteers so far this school year? A heartfelt thank you to our awesome parents and community.**

1. My child attends the following school:

2. My child's school provides timely updates through online grade books, Friday folders, or direct teacher contact which I use to monitor my child's progress and assist their learning.

7. I would like my schools to offer opportunities for me to learn:

- How to support my child in learning common core standards
- How to use online portals to monitor my child's attendance and progress
- How to understand school decision-making procedures and budgets
- How to access community resources and non-profit agency services
- Improve my English Language skills
- College and career readiness topics
- Planning for Advanced Placement (AP) coursework
- Other
